

The Long Apron Beverage Menu

As with our menu, our strong links to French and European vinous history cannot be ignored when constructing our wine list.

You will notice we have a thing for Champagne. This is due to our love of the subtle nuances that each village and producer brings to their wines. Champagne is for celebrating, we encourage celebrations of all types and sizes. This includes “just because”.

The classics are that for a reason. Burgundy is the home of Pinot Noir, Bordeaux is the home of Cabernet, the Rhône is the home of Shiraz. A reference point for these classic varieties will always be there as just that, a reference. It doesn't make them better or worse than our home grown styles, just different.

Australia also has classics. Our history of grape growing and winemaking goes back to the mid 1800's. There are multi-generational families working the same plots of land their ancestors did, as is the case in Europe.

Our climate is different, our soils are different and that is OK. We will never be Burgundy, Bordeaux or the Rhône. We shouldn't want to be. We should be proud of the wines we produce in this country for that very reason, their difference.

Please remember the new kids on the block are just as relevant to the wine world as the classics. It's akin to listening to classical music one day and rock and roll the next.

Please sit back, relax and choose your style to listen to/drink with us.

Cocktails

Cocktails will tell you the story of the bar, it's passions and history, its tastes and experience and even its personality. Much like our team, our cocktails are full of European flair with an Australian touch. Here are old favourites you may know but revisited and rediscovered.

Clovelly Rum Punch 20

A celebration of Clovelly's history as a pineapple plantation, our homemade clarified rum punch is macerated for three days using pineapple, red berries and a vast array of other fruits and spices. Made to refresh with a semi sweet finish - served short over clear ice.

Le Pommier 21

"The apple tree" in French is a unique blend of Applejack Brandy, fresh apple juice and Frangelico with a touch of lemon and nutmeg. An apple a day keeps the doctor away.

Ruby Slipper 21

Who said that cocktails were strictly pre dinner? Dark and full of character, this after dinner sipper mixes ruby port, Maleny Brouhaha milk stout and infused black tea. Our way of saying goodnight, but definitely not farewell.

Spiced Negroni 23

A bartender's favourite, made with an Australian influence. Okar Amaro, local Pomona Gin and wattleseed infused Campari with an orange peel to top.

Old Fashioned 21

Your choice of bourbon or scotch served over raw sugar and bitters with a cinnamon flambé

- Buffalo Trace Bourbon
- Glenfiddich 15 YO 5 supplement
- Laphroaig 10 YO 5 supplement

Zero Degrees 15

Light and refreshing our Zero Degrees is made with Rooibos tea, homemade rhubarb syrup and fresh apple juice. Our non-alcoholic signature.

What is Coravin? The Coravin wine preservation system allows us to pour wine from a bottle without removing the cork. Whether you want a sip, a glass, or more, each will always taste just as amazing as your first – even weeks, months, or years later.

How does a Coravin wine preservation system work? A needle is inserted through the cork or special screw cap closure. We then tip the bottle and it is pressurised with a layer of argon, an inert gas, over the wine and protects it from oxygen. This allows us to ensure that each glass is in premium condition each time we pour. The cork, or closure will then reseal naturally and continue to protect the wine. This gives us the ability to show you wines by the glass that we wouldn't normally open. It is the perfect way to explore and try something new.

Wine Tasting Flights

Marchand & Burch Pinot Noir ☞ Mount Barker, AUS & Burgundy, FRA

In 1990 Jeff Burch crossed paths with Pascal Marchand, on his first visit to Burgundy. Language and cultural differences were quickly overcome as a fast friendship formed with a profound passion for Pinot Noir. Together they embraced the possibilities of a unique collaboration, and from there they began the Marchand & Burch Collection. Since 2007 the Marchand & Burch label has grown to represent a sophisticated expression of terroir through fine wines produced in Western Australia's Great Southern region and the Côte d'Or in Burgundy, France. Try these wines side-by-side for a fun and unique experience.

"The only thing truly original in the world of wine is the underlying terroir and I have nothing else interesting to add. Anyone can copy anyone else's techniques so what else is there to make great wines? I believe the answer is simple: Terroir. I want to work only with the fruit from old vines and even then, only old vines that are planted exclusively within the original boundaries of Chablis. If I respect these things, it will be almost impossible to make bad wine." – Patrick Piuze, Winemaker

Aqua Chiara Micro-Filtered Still Water Continuous Service

Complimentary

While a water bottle travels an average of one thousand kilometres from the source to the table of a restaurant, Aqua Chiara is 100% local water. The microfiltration process preserves all the benefits of the mineral salts naturally present in the local water; the ecological footprint balance is very positive thanks to its zero kilometre logic.
